Memorial Day: last monday in May

Lake George is a town in New York's vast, protected Adirondack region of mountains and old-growth forest. The town sits on the lake of the same name. On the shore, the Fort William Henry Museum & Restoration is a restored British fort, built in 1755. Nearby, Million Dollar Beach has picnic areas and a boat launch. The Prospect Mountain Veterans Memorial Highway offers views of the lake and the Adirondack High Peaks.
